

MASTER 1 ECONOMIE PARCOURS PSYCHOLOGIE - ÉCONOMIE (ÉTUDIANTS P 5)

Master Economie

The **Economics and Psychology master program** is a joint initiative of the [University Paris 1 Panthéon-Sorbonne](#) and the [University Paris Descartes](#). Research-oriented training in the master is supported by the [Paris School of Economics](#).

It combines teachings at the graduate level to economics and psychology students in the fields of economic psychology and behavioral economics. Please refer to the corresponding categories for detailed information about the overall curriculum, as well as the M1 and the M2 years. A [compact presentation of the master](#) is available from the universities open days.

Current students can find information about schedules, classes, etc. by clicking on the corresponding categories in the Menu on the right.
